

Below is a condensed timeline of events related to Michael Flynn and to Donald Trump's run for the presidency.

Monday, 2 c. July 2012

MICHAEL FLYNN becomes the head of the DIA; the commander of the Joint Functional Component Command for Intelligence, Surveillance and Reconnaissance; and the chairman of the Military Intelligence Board. He is answerable to **JAMES CLAPPER**, then the Director of National Intelligence.

Monday, 10 c. June 2013

MICHAEL FLYNN, as director of the DIA, visits Moscow, and is the first US officer ever allowed inside Russia's Main Intelligence Directorate (GRU).

Friday, 11 October 2013

First day of the University of Cambridge Intelligence Seminar, Micheltmas Term 2013, hosted primarily by **STEFAN HALPER**, covert CIA/FBI operative with ties to British intelligence, and **RICHARD DEARLOVE**, former head of MI6.

Saturday, 9 November 2013

DONALD TRUMP is in Moscow for the 2013 Miss Universe pageant held there that evening.

Friday, 29 November 2013

SVETLANA LOKHOVA—a Russian graduate of Cambridge, who happens to be the daughter of a Russian shipping magnate—gives a talk at the Cambridge Intelligence Seminar, Micheltmas Term 2013, hosted primarily by Stefan Halper and Richard Dearlove.

Friday, 20 c. December 2013

"In late December 2013," Donald Trump meets with Republican leaders about the possibility of running for governor of New York, and shortly afterwards receives a printed briefing from one of them called "Springboards to the Presidency," in reference to the governorship of New York being a possible first step for Trump to run in the 2016 US Presidential election.

Friday, 17 January 2014

First day of the University of Cambridge Intelligence Seminar, Lent Term 2014, hosted primarily by Stefan Halper and Richard Dearlove. Also at this seminar are **MICHAEL FLYNN**, US Director of the Defense Intelligence Agency, and a Russian graduate of Cambridge named Svetlana Lokhova, who later will be connected in the press to Michael Flynn because of their encounter at the seminar.

RICHARD DEARLOVE, *left*, former head of MI6, and **STEFAN HALPER**, *right*, longtime covert operative for CIA and FBI, connect **SVETLANA LOKHOVA**, *center right*, a Cambridge student from Russia, with **MICHAEL FLYNN**, *center left*, then head of the DIA, 6 February 2014.

Thursday, 6 February 2014

On or about this date, **MICHAEL FLYNN** is introduced to Svetlana Lokhova at the University of Cambridge Intelligence Seminar, Lent Term 2014, being hosted by Deep-State operatives Stefan Halper and Richard Dearlove. It is the last day of the seminar, when a dinner is held with all attendees. [NOTE: This meeting will later be blown into major proportions by Operation Mockingbird press in attempts to frame Trump for "Russian collusion."]

Wednesday, 12 February 2014

Donald Trump meets with "half the state's Republican county chairs" at Trump Tower in New York. In that meeting, or on or about the same time, Trump "discussed with state Republican leaders the idea of using the governorship as a platform to run for president," offering a "look at Mr. Trump's budding strategy to capture the White House, which he predicted he would begin in 2015." [Trump decided ultimately not to run for governor of New York.]

Monday, 7 April 2014

Someone creates a Facebook page, "Donald Trump for President."

About three weeks later ...

Wednesday, 30 April 2014

CIA mouthpiece The Washington Post announces that: "Lt. Gen. Michael T. Flynn is expected to end his tenure as DIA director this summer, about a year before he was scheduled to depart, according to officials who said Flynn faced pressure from Director of National Intelligence James R. Clapper Jr. and others in recent months." [NOTE: The alleged "pressure" stated in the press is classic CIA Punch-'n'-Judy, manufactured "conflict" among the so-called "intelligence" class, the exact kind of gratuitous gossip that cannot be verified, but that helps to give anyone going undercover a "cover," distancing them from their CIA and Five Eyes cronies.]

Thursday, 7 August 2014

Michael Flynn retires as Director of the Defense Intelligence Agency, about a year early. At the ceremony, "Director of National Intelligence James Clapper presented Flynn with both the National Intelligence Distinguished Service Medal and the Intelligence Community Seal Medallion."

Thursday, 23 October 2014

Flynn registers a “consulting firm,” Flynn Intel Group LLC, in Virginia. The address he uses for it is a townhouse in Alexandria, Virginia, owned by his friend Stanley A. McChrystal, who has his own background in the “intelligence community.”

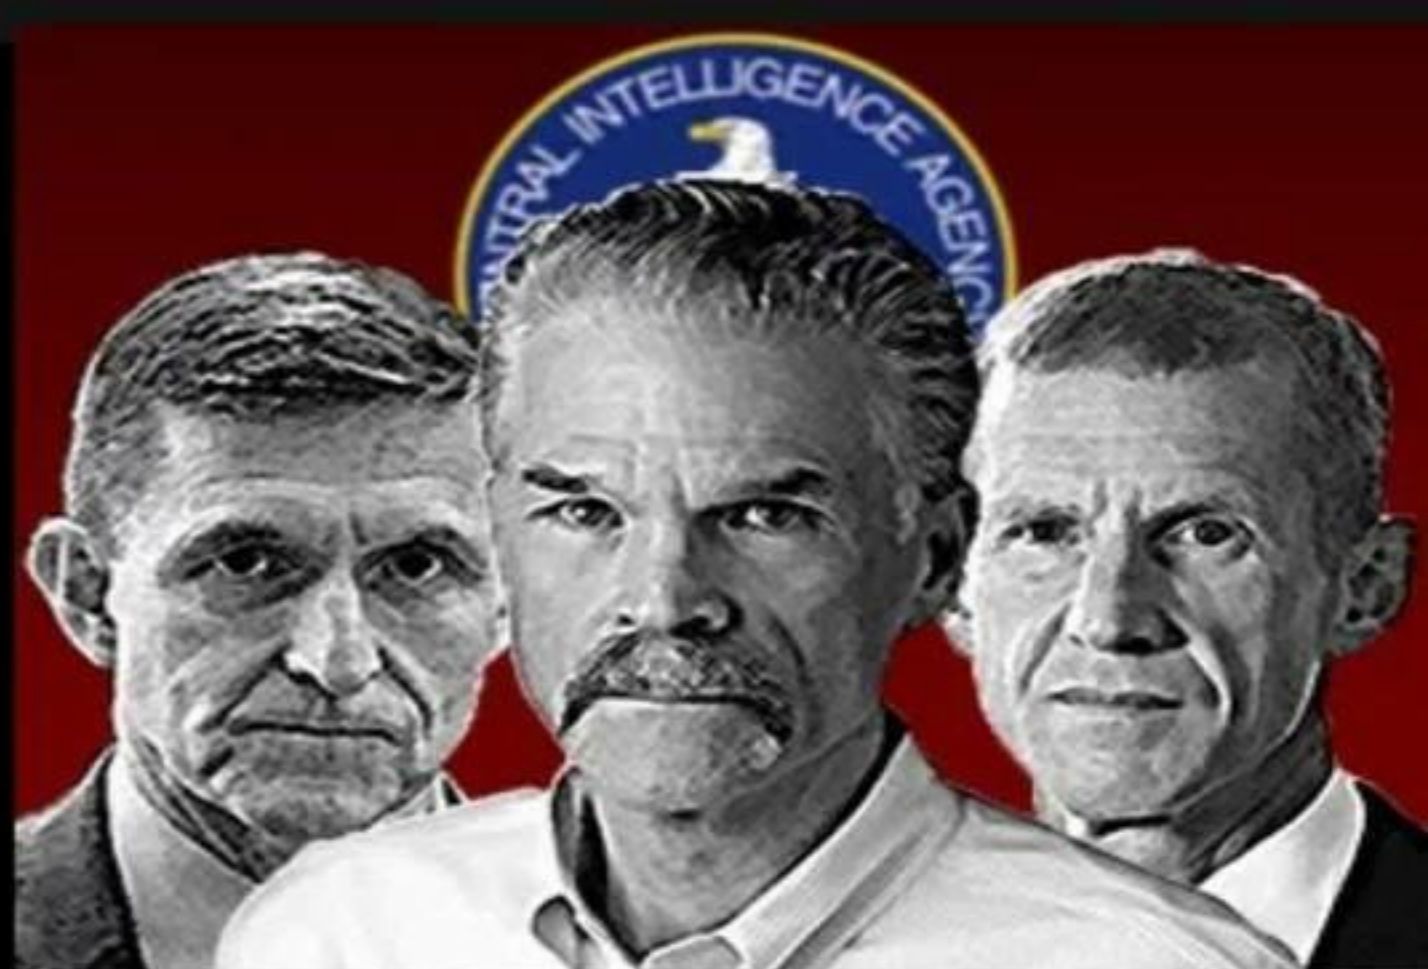

[NOTE: In a classic CIA “twosie,” there will be two different companies called Flynn Intel Group: this one, Flynn Intel Group LLC, and later Flynn Intel Group Inc. As is typical, coverage in the “mainstream media” rarely makes any distinction, referring only to a Flynn Intel Group, but the distinction is important, particularly to the chronological sequence of events.

Wednesday, 25 February 2015

Press reports say that Donald Trump is “serious about 2016 bid” for the presidency, and that he has retained an election attorney, and has put off signing for another season on “The Celebrity Apprentice.”

Wednesday, 18 March 2015

Donald Trump announces formation of a “presidential exploratory committee,” and that he will not renew the contract for his TV show.

MICHAEL FLYNN, *left*, used the address of **STANLEY McCHRYSTAL**, *right*, to register the Flynn Intel Group LLC.

Both had associations with **GREG VOGLE**, *center*, who soon would become John Brennan’s hatchet man at the CIA, and would be there through Trump’s campaign and election. Vogle currently “works for” McChrystal’s own “advisory group,” the McChrystal Group

Less than two weeks after Donald Trump’s 18 March announcement ...

Tuesday, 7 April 2015

Svetlana Lokhova—the Russian graduate of Cambridge University, and “the daughter of a Russian shipping magnate” who had been connected with Michael Flynn at the Cambridge Intelligence Seminar by Stefan Halper and Richard Dearlove on or about 6 February 2014 [see above]—is awarded £3.2 million [a little over \$4.1 million] by the Central London Employment Tribunal for “sexual harassment” while working at the “London branch of Russian bank Sberbank CIB” as an “equity saleswoman.”

At the oddest time, **SVETLANA LOKHOVA**, *center*—who MI6 operative **RICHARD DEARLOVE**, *left*, and CIA/FBI operative **STEFAN HALPER**, *right*, introduced to Michael Flynn—suddenly became over \$4 million richer.

THIS IS PROBABLY JUST A COINCIDENCE...

Tuesday, 16 June 2015
At Trump Tower in New York City,
Donald Trump officially
announces that he is running for
President of the United States.

And then on the next day ...

Wednesday, 17 June 2015
Michael Flynn registers the Flynn
Intel Group, Inc. in Wilmington,
Delaware. [NOTE: This is the
corporation, Flynn Intel Group,
Inc., NOT the limited liability
partnership, Flynn Intel Group
LLC, that Flynn had registered
several months earlier, on 23
October 2014 (see above) in
Virginia. From our experience,
this is an unmistakable
fingerprint of a CIA/Deep State
op, creating a “twosie” to
intentionally create confusion,
and to obfuscate dates. This date
of incorporation also, in our
analysis, is the entire reason why
CIA mouthpieces such as The
Washington Post and The New
York Times have consistently
avoided stating the distinction
between the two different entities,
or, importantly, this crucial date
on which the corporation was
registered.]

At this point—almost as predictably as sunrise—Flynn’s activities become somewhat vague and clouded for several months, but in classic Deep-State stealth, he takes steps to obfuscate and diffuse his real target—Donald Trump—sidling up to and “advising” many of the Republican primary candidates for the presidency, according to him:

MICHAEL FLYNN: I consciously made a decision once I felt the country was at such risk and I was advising five of the candidates running for president. They all reached out to me ... Carly Fiorina, Scott Walker, Ben Carson, Ted Cruz, and Donald Trump. ... They would ask me about national security, what’s happening in the world, my thoughts on particular issues.

If this doesn’t sound weird—very weird—it should, because Flynn is a registered Democrat, who in his own words “grew up as a Democrat in a very strong Democratic family.” In his interview quoted above, he doesn’t name one single Democratic presidential candidate that he advised. As a side note, this is also a one-sided claim by Flynn of who reached out to whom, given that there is no record anywhere as evidence showing which, if any, of those named candidates actually “reached out” to Flynn, or which may have had Flynn “recommended” to them by Flynn’s many Deep-State cronies.

Sometime during this period, though—and, as usual with Deep State operations, the dates are obscured—Flynn apparently accepted speaking engagements for Russia’s TV network RT, formerly “Russia Today.”

One of those speaking engagements later became scandalous world news ...

Thursday, 10 December 2015

Michael Flynn is a guest speaker at a gala dinner in Moscow for RT. During the dinner he is seated at a table next to Russian President Vladimir Putin—which is made a photo op that later will be blasted all over the world.

Only a matter of weeks later—and again, as usual in such operations, dates are foggy and unverifiable—sometime in February or early March of 2016, Michael Flynn started “unofficially advising” the Trump campaign on “foreign policy.” This was in the same general time frame as when Director of the CIA John Brennan traveled to Moscow to meet with Russian intelligence agents, and when three other “advisers” were suddenly involved with the Trump campaign, all around the same time: Paul Manafort, Carter Page, and George Papadopoulos.
